

# WEEKLY CHALLENGE

## WATER MAZE

Welcome to our very first **Science Sparks** weekly challenge.

We'd love you to share your results using **#ScienceSparksChallenge**

### What's New?

This week we've been reading *Aliens LOVE Underpants* and testing different size and material pants to see how much water they absorb. Pop over to Science Sparks to find out more.

## Challenge 1

1. Use a sharpie to draw a maze on a waterproof plate. This can be a complicated or as simple as you like.
2. Try to drop water on each spot of of the maze using a pipette.
3. How many drops of water can each spot hold?
4. can you time how long it takes to complete the maze?
5. How many drops of water can you fit on a coin?
