

Name of scientist _____

GINGERBREAD MAN INVESTIGATION

I predict that the gingerbread man in _____ will change the most, and the gingerbread man in _____ will change the least.

Materials

Plates or bowls

Gingerbread men biscuits

Water

Method

Place the gingerbread men in separate bowls or trays.

Measure the same amount of each substance you want to test and pour one over each gingerbread man biscuit.

Start the timer.

Make observations every 10 minutes and record them in a table.

Results - draw each gingerbread man

--	--	--	--	--

Which gingerbread man changed the most?

Which gingerbread man changed the least?
